SPECIAL PLEA

Like many fellow South Africans the Parish is feeling the financial stains brought about by the Covid 19 pandemic.

The parish needs help in attending to a number of maintenance projects and we are appealing to Parishioners to come forward with financial support or the giving of talents.

Here are a few projects that we need help with from the Parishioners

1. **Removal of rubbish and refuse.** We need someone with an appropriate vehicle to help clear both refuse and rubble from the premises. Got a bakkie and trailer ?? if so please come forward
2. **Electrical.** We have a number of minor projects that need attention. Got the skill if so please offer a couple of hours of your time.
3. **Borer the Community room.** The community room is infested with borer. If you are involved in such work and can help please come forward and check the extent of the problem and assist us in attending to same.

We have a number of other projects of a more expensive nature and will address those as we move along. In the meantime if you can offer your time please contact the Parish Office at 031 205 3385/6

If you can help in providing financial support please deposit such donations into the parish bank account at FNB account number on the parish bulletin.

Fr Callistus Khathali, OMI

Parish Priest
