The parish recently installed a backup power system, including a few solar panels, ensuring that all masses will have sound and sufficient lighting. It was a considerable expense to the church's finances but necessary in today's climate. There will be a special second collection after all mass on the 27th and 28th of May to help cover some of the cost. EFTs can also be made. Please give generously.

Please regularly check the Parish website for notice updates, live Mass links, Mass readings and FORMATION material for children and families.
